I awoke last night and reached to touch my darling in
our bed
But I only found the pillow where she always lays her
head
I laid there half asleep wondering why she was not
there
Then I heard her talking on upon downstairs
Don't worry bout him what he don't know won't hurt him
Anyway he's upstairs fast asleep
Don't worry bout him what he don't know won't hurt him
But what she don't know it's what I do know that's killing
me

I laid in disbelief with teardrops streaming down my
cheeks
Then she quietly slipped back into bed and quickly
went to sleep
I've never mentioned that to her afraid that she might
leave
But those words she said continued to haunt me
Don't worry bout him...
