No questions  
I pledge resistance to the grass  
That hides the snakes of America  
So they watch it, now I walk with caution  
More careful put more thought to options  
Is the opposite of progress Congress  
From the school to the street we're beyond stress  
But I fight for peace, that's what the problem is  
War is big biz, ask an economist  
Speak in volumes callin' anti-war and anti-American  
synonymous  
Back in the day I would've gotten black listed just for  
speakin' up  
Hoover probably would've screamed Communist  
I want black and brown unity  
But cats get out to bring the jail to the community  
Fightin's nothin' new to me  
I even corrected what the public school system tried to  
do to me  
Here's a spark encoded in rhyme and love for  
everyone of the devoted in line  
We call it art, some call it a crime  
It's the rap Michael Moore, like Bowling for Columbine  
On drums, Fahrenheit, 9-1-1  
Al Queda hit the Apple and the world was stunned  
The villain trained by the hero for the killing  
Now you twist \$20 bills to see buildings  
Under heavy surveillance  
They might call you a traitor if you want something  
greater  
Don't get me wrong, America's a great place to live  
Just listen to the knowledge I give  
If more than half the budget goes to military spending  
Less than half goes to whatever it's defending  
One nation, many gods, individuals with liberties  
And justice for all who are miserable

Voice in Spanish escucha la verdad en la musica  
Yeah Babu, Dilated Peoples  
Neighborhood Watch, worldwide  
Expansion, Iriscience  
Evidence, Babu
