Babu scratches:
As I expand.... you

[Iriscience]

Ay yo amplify, magnify, broaden my reach
Expand, exercise, ex-get increased
The 'e' and the 'x' are connected like excellence
The 'p' is for peoples that Dilated represents
(Evidence: A-N for all night) PM to AM
And D's for droppin rhymes with no delayin'
Even numb from Novacane you feel the slow pain
See flames but fuel the fire like propane
(Evidence: now hold that) keep that lock and less beats
War's not the word to play it's like peace
I'm a cyborg connected with a mic in my hand

[Babu scratches Dilated lines]

As I expand... you know I am..am..
A... triple optometrist mental megalopolis...
A... student on these L.A. blocks...
Raakaa Iriscience rapid fire how I transmit

[Iriscience]

Ay yo me and Omega, Devious Doze used to pose
Hypothetical flows gettin' thrown with no foes
A decade ago- introduced to Will Copper
And out the other side of my fear- a field trooper
Son of a preacher- in school a student teacher
But I'd rather read or hit the theater for a double
feature
Bored night creature well I used to trade books
When science appeared fellow scientists trade looks
(y'all see that?)
A brick by brick builder I learned to mortar
Gettin' smarter and smarter from Homocide and Law
and Order

Street poet, mild man or reporter
Til I flip like Kool Kieth drippin' droppin' like water

[Babu scratches Dilated lines]

Raakaa Iriscience...create to devastate

Why wait... put your gloves out
Expand and dilate...
As I expand you know who I am...Its the expanding
man...
A... triple optometrist mental megalopolis...
A... student on these L.A. blocks...
Iriscience...you know who I am...am

[Iriscience]

Now I haven't forgotten all the drugs at Bush rottin'
Its funny how it's maybe his stash your son got in
Man, Uncle Sam facilitated the plan
Got weed dealt in miligrams and grams and
kilograms
(Evidence: Yo, word to our lye) they can heal a killa
man
They might have a plant they can if they got a pill to
can
Body upon young body into camps
But camps turn to pen when boys to turn to men
War bein' used to both profit and clense
War spoke- why it camouflage the feds
I'm a freedom fighter, reader, writer, rapper, and fan

[Babu scratching Dilated lines]

As I expand you know who I am...
You know who he is
As I expand you know who I am...
The expanding man...
As I expand you know who I am...am
As I expand you know who I am...
Its the expanding man
