Uh-huh, yeah  
Worldwide  
Dilate and Expand

Aiyo the platform, watch the stormtroopers swarm  
The deathstars born with the devilish dawn  
Its where evil and the force manifest and form  
Theres no good without bad and no night without war  
Its relativity, valid stability  
Its creativity, talents, ability  
Rocka shifts the modes of the wizard and the warrior  
Hiphop up and move to strike like a lawyer  
Quick to be like fuck a rapper after what im after  
Friendly how you front but behind you talkin backwards  
Basically Im down to build but stay ready for battle  
Plus most dig our gear oh but i mean cattle  
The cattalist never rock the mic in vain  
Energy or created or destroyed is change  
The Dilated Peoples hit you with the big bang  
And theories with the red shit i couldn' explain  
The platform

(chorusX2)

Aiyo the platform, takes respect to perfect the artform  
In times of battle whacker rappers get their hearts torn

Cos when i step off and then step back on  
You'll never catch me preaching when im not  
practiscing  
World War II the platform the illest flows  
I know my hungers real i still get naseuas at shows  
My motto, I didn't write but this i quote:  
'It ain't where you put your words it's where you don't'  
End quote, and with this in mind huh,  
I bring flows more rare than black quarterbacks  
I never got sacked or pushed ten yards back  
We could go rhyme for rhyme, line for line or track for  
track  
And after that, the crowd will react  
To the future we are the magnetic attract  
2020 Confuse and no doubt  
I'll catch the story of your life on VH1 where are they

now?  
And as for mine I'll be 60 in my prime  
Still sciencin' theories and droppin' rhymes all the time  
skills  
The Platform

(chorusX2)

Aiyo I've seen apathy, make love and don't hate  
I'm heavy on the mic can you handle the weight?  
Either you learn to adapt or your sealin' your fate  
Only brave when you get more dusted than old plate  
Rockin D'n'D with the Alchemists n baz  
And after the lab we sent ev to catch the cab  
Platform troop make moves and stay true  
Rock steady zulu, create the deficit crew

Yo I platform my strategy, mix words with alchemy  
Evidence, I won't get caught - shot on the balcony  
Between you and I? I tell you this the diff  
gun to your head you dead point blank, I shapeshift  
Thats right, study chemistry like Al  
Prove life is your potential (or what) or Steve Howe  
Im about to call it quits like too much window break you  
backmouth  
The men'll make ya move yo some will make ya back  
out

(ChorusX2)
