Dilba

Up the stairs locked up safely  
distance fulfills its meaning  
As fear comes closer bravely  
to release this well-known feeling  
I'm not unhappy, not directly  
Just a bit cold and  
comfortably lonely  
But I hope I will eventually  
dare to defy my funny reasons  
or at least try...  
Find a spot, an empty space  
Another room, another place  
As my lonely wishes starts

I'm secretly lost in the dark  
If a chance would accidentally  
come my way  
I would take it, wouldn't let it slip  
away, j no  
But until that day I'll be here hiding  
convincing myself I'm really trying...  
To find a spot, an empty space  
Another room, another space  
If the mask falls off or in case  
One of us would change our ways
