"Try Again"

Let nobody bring you down though sometimes
you cannot see the horizon, you're on your knees
Don't look back now that you're gone, gotta carry on
Get yourself right back on track
(Get back up, cha)

Let nobody bring you down although sometimes
it gets so rough and you have had it, you're beggin'
please
Don't look back now that you're gone, I know you are
strong
Get yourself right back on track
(Get back up, cha)

So you think you're dream is over
Think again and turn your world around
Keep on fighting for this feeling
Hold on and just try again, try and try again
So you think you're dream is over
Think again and turn your world around
Keep on fighting for this feeling
Hold on and just try again, try and try again

After all is said and done ooh and you are free
No more games you need to play, no one to obey
Don't let no one get you down when you've had enough
you can turn your life around

(Get back up cha)

So you think your dream is over...

M - Show me the wa-a-ay to get back up
F - Stand up tall and head up high and try again.
M - Show me
F - And try again
M - the w-a-ay
F - There's no other way but to try again

Hold on all the time

So you think you're dream is over...

Just hold on yeah..

(M=Male, F=Female)
