Sailor boy

Been searching everywhere, for a love affair  
That can take me there, take me there  
Been looking day and night, for Mr Right  
Wanna hold him tight, wanna hold him tight tonight...

Take me home Sailor boy  
I am willing to cross any ocean  
Please set my body in motion - Sailor boy  
Be my captain of joy  
As I show you my deepest devotion  
Please set my body in motion - Sailor boy...

Been looking near and far, in every gogo-bar

Wondering where you are, cause I'm ready to go  
far...

Take me home Sailor boy  
I am willing to cross any ocean  
Please set my body in motion - Sailor boy  
Be my captain of joy  
As I show you my deepest devotion  
Please set my body in motion - Sailor boy...

My favourite port, port-of-call  
Is up against, against your wall  
Make me feel so small...

Take me home Sailor boy...
