Intro

First round like a concert
Baby tryin work got you up in my after party
From the bed down to the floor
Baby let me know got you up in my after party

verse 1

Top down, Hot sound
Cruisin' out on ocean drive
Crew is chillin' by my side
Sexy ladies passin' by

Verse 2

Cross walk, trash talk
Peepin' at the billboard sign
model chick that looks so fine
Wish that I could make her mine

B sec

And just when I thought it's impossible
To find a girl like that
There she goes...oh

Chorus

Straight from the magazine
Finest girl I've seen
Suddenly I heard all my friends say
She's way out of my league
But she's the one for me
So I can't let her walk away...no

Verse 3

Tell me shorty
Where have you been all my life?
I see the sparkle in your eyes
Girl how can I make you mine?

Verse 4

My friends say no way
To get with you
Cause I don't have the game
To be parked in your lane

Those dreams don't come true

B sec

Just when they thought it's impossible
To get a girl like you,
I'm in the zone...oh

Chorus

Straight from the magazine
Finest girl I've seen
Suddenly I heard all my friends say
She's way out of my league
But she's the one for me
So I can't let her walk away...no

Bridge

This is meant to be
Not a fantasy
That I could have someone
like you...like you...babe
Tell me if it's oh so real
Someone else will take the wheel
We can go set this off...oh

First round like a concert
