They said I might never find true love
They said I might never need the one I dream of
Said don't believe in love at first sight
I though they were right till I saw your eyes
Then they said we would be all right for a while
They said our feelings would change, just give it time
But I'm happy to say I love you just as
Much now as I did yesterday

Cause what we have is so real
The way I feel they can't take away
No matter what they say
Cause I know
I know I can stay in love
With someone like you
Ooh yeah

They said I'd never be able to trust you
They said you probably break my heart in two
They said don't yourself go
And don't let all your feelings show
They said you'd be of a of me
And one day you'd break up with me
But wow, look at us now
I guess we showed that we're something

That what we have is so real
The way I feel they can't take away
No matter what they say
Cause I know
I know I can stay in love
With someone like you

That what we have is so real
The way I feel they can't take away
No matter what they say (say)
Cause I know
I know I can stay in love
With someone like you
Ooh yeah

There really is a someone for everyone
I didn't believe until you touched me
And that's when I know dreams do come true
And so I promise you I'm gonna stay
Heey yea-aah

Cause what we have is so real
The way I feel they can't take away
No matter what they say
Cause I know
I know I can stay in love
With someone like you
Oh yeah yeah

Cause what we have is so real
The way I feel they can't take away
No matter what they say
Cause I know
I know I can stay in love
With someone like you

Cause what we have is so real
The way I feel they can't take away
No matter what they say
Cause I know
I know I can stay in love
With someone like you
