Songwriter: Barnes, David McKee

Let's just take our time
There's nothin' else to do
What better way to spend the night
Than wastin' it with you

The moon has won the war
The daylight waits to win
Stay here by my side
We'll watch the struggle start again

I'll need you now and forever
To stay right here with me
Don't ever leave
Love was kept from me like a secret
And I swore that I was through
Until you
Until you

The city's settled down
I watch you as you sleep
There's a silent celebration for
Every breath you breathe

Now, this all makes sense
With you as company
I left all I knew
And found the better part of me

Yea-yeah

I'll need you now and forever
To stay right here with me
Don't ever leave
Love was kept from me like a secret
And I swore that I was through
Until you

The time it took to find you
I would wait again, my baby

For the feelins that
I feel with you now

I'll need you now and forever
To stay right here with me
Don't ever leave
Love was kept from me like a secret
And I swore that I was through
Until you
Until you

Until you
Until you
Yeah
