When you are down and troubleed
And you need some loving care
And nothing, no nothing is going right
Close your eyes and think of me
And soon I will be there to priven up
Even your darkness is right.

You just call out my name and you know were ever I am
I'll come running to see you again
Winter, Spring, Summer or Fall all you have to do is call
And I'll be there, you've got a friend
You've got a friend

Hm, when the sky above you was dark and full of
clouds
And cold those wind begin to blow Yeah
Then keep your head together and call my name out
loud
Soon you hear me knocking at your door.

You just call out my name and you know were ever I am
I'll come running to see you again
Winter, Spring, Summer or Fall all you have to do is call
And I'll be there.

Well late I comes to know that you've got a friend
Cause people can be so cold
Will heard you and searched you
Will take your soul if you let them but don't you let them
You just call out my name and you know were ever I am
I'll come running to see you again
Winter, Spring, Summer or Fall all you have to do is call
And I'll be there you've got a friend

You've got a friend
And it's good to know, you've got a friend (6x)
And I'll be there (9x)

You've got a friend
