Well, they said we'd tear ourselves apart
And it turns out they were right
'Cause I've never seen you so weak
And so far out of breath
And I never saw the tide rise
So high so fast

Watch this pawn capture the queen
White picket drive-by gargle
The stench the storm brings
You'll never get enough

Watch this pawn capture the queen, yeah
Now I can't shake you
But I, I can't take you
Empty skin bag you're my cum rag

And now the flood gates overflow
Now I see that too much is not enough, no
This game has been playing
For too long, yeah

Yeah, you did it
Yeah, you did it, did you get enough?
My sweet child of fire
This love affair is so lost
This love affair is so lost

Cut through the sea
And this pendulum swings near to me
We are the storm
So take your ship to port

Oh, it's time to let it go
Right now it's time to let it go
Time to let it go

'Cause this feels like half a million years
And I know you feel the same way
I do don't you

Well, they said we'd tear ourselves apart

Turns out they were right
Tear ourselves apart
Turns out they were right
