Mother said i can't listen to Radio Havana  
And i read with a flash light late that night  
on these North side streets try avoiding the lights  
Try avoiding any type of political fight  
So alone are all these "new deal" homes  
It can't only matter what you know  
But how you let your anger show  
Harold Washington in a garter-belt and stockings  
Father wasn't picking sides  
But dog-eared pages gave clues to the thoughts inside  
The black sheep prince bowed for the crown today  
Tried keeping things quiet, tried keeping things still

Tried keeping this conscience from an honest chill  
Can tradition settle in like rust?  
The record knows so let it show  
That desperate is as clever does  
Harry Carry making sick off Clark Street  
Welcome to my 588-2300 empire.
