Isn't it anything that you said
Isn't it anything that you've done
Isn't it anything that I think we could overcome
It's not even a fight we could blame
Lover that I could name
It's harder to take when things ain't so quietly

Slowly they start,
cracks in your heart
Till all you know is drifting apart

Chorus:

I'm going through changes
All the things I've had are new
That I wanna hear with you,
feel wrong

And you know what's strangest?
I think you fell the same
Don't let guilt make you stay,
it's okay

Cause everything changes, changes, changes, yeah

There's nothing in the past I regret
Knowing that I'm man enough for it
I will never want to forget these memories
I'm looking for somebody else
I'm trying to find myself
It's been nice for so long
Who did I used to be

This is a role
I don't want to play
Trying a find a way I can see

(Chorus)

Cause everything changes, changes, changes, yeah

If we listen to ourselves we'd know

It's time for something new,

to start

Cause I heart

Changes, changes, changes

(Chorus)

Cause everythi~ng changes, changes, changes...
