While you're searching for something right
And the star is shining never bright, yeah
Come to me, I need you as light, I'm here

So close we are to be as one for life
So cold you are but I wanna hold you tight
Give me a chance tonight

Chorus:

Come into my world, never ever go back
I do need you so, without you life's my in black
Come into my world, we will try once more
Time will wait for us, swear you're mine and I'm yours,
Come into my world

Hopeless days I want to forget
And I want to feel your body close so
I promise that you'll never regret
You step

So close we are to be as one for life
So cold you are but I wanna hold you tight
Give me a chance tonight

Chorus:

Come into my world, never ever go back
I do need you so, without you life's my in black
Come into my world, we will try once more
Time will wait for us, swear you're mine and I'm yours,
Come into my world

Together now! We can't forget our love
Stay here, let's be as one again
Do you know how I need you, baby, every day
Cause you are my flame

Come into my world,
I do need you so

Chorus:

Come into my world, never ever go back
I do need you so, without you life's my in black
Come into my world, we will try once more
Time will wait for us, swear you're mine and I'm yours,
Come into my world
