Come and tease me honey
Give me only your smile
Spend a little beauty on me now
Yes I like it
I need your magic

I am getting addicted to what you do
Slow emotion like I'm into you
It's fantastic you are an angel

I know the tide is high
You're one of a kind
Everything is alright
YEAH!

Talk, talk, talk, talk to me honey
I know it might sound funny
Talk, talk, talk, talk to me honey, yeah
Talk, talk, talk, talk to me honey
My days become hot and sunny
Talk, talk, talk, talk to me honey, yeah

Now I'm soaked in love
I wanna give it to you
Kiss me honey like I never knew
Make me wonder
Be romantic

Let me dive in a lake of euphoria
Gently skin to skin and I'm alive
I have found you it's amazing

I know the tide is high
You're one of a kind
Everything is alright
YEAH!

Talk, talk, talk, talk to me honey
I know it might sound funny
Talk, talk, talk, talk to me honey, yeah
Talk, talk, talk, talk to me honey
My days become hot and sunny
Talk, talk, talk, talk to me honey, yeah

Oh, oh, oh...

Oh, oh, oh...

Talk, talk, talk, talk to me honey (honey, honey)
I know it might sound funny, yeah
Talk, talk, talk, talk to me honey (honey, honey)
My days become hot and sunny

Talk, talk, talk, talk to me honey
I know it might sound funny
Talk, talk, talk, talk to me honey, yeah
Talk, talk, talk, talk to me honey
My days become hot and sunny
Talk, talk, talk, talk to me honey, yeah
