

Dima Bilan**"In Circles"**

Visit "[In Circles](#)" on MotoLyrics.com

We all need friends
Loving somebody don't cost a thing
Don't stop living
Remember, your life is a mature may
No more excuses, stand up
Like comes a time in life, is it love?
Time is moving, catch up
Don't get left behind, try to follow your God

You've got the road in front of you
Stop, get ahead, what you've gonna do?
What you've gonna do and when you move...

Don't let it affect, you get better soon
Cause it get better soon
(better soon)
Cause it get better soon
(better soon)
Cause it get better soon
Uuuh, and I know thatâ€¦!

There'll be times where
We don't say "What's up?"
And we go in circles
Tryin' to keep in touch
We whisper sparking
Between the both of us
Just tell how you feel
Goes a long way...

Back out on the road again
I've got to get stops to make
No time to calling
It's kinda hard to communicate
I can't let nothing slow me down

I'm battling up with no my feelings out
I've got to turn this all around
Don't know what stop it - I've got to do it now

You've got the road in front of you
Stop, get ahead, what you've gonna do?
and when you move...

Don't let it affect, you'll get better soon
Cause it get better soon
(better soon)
Cause it get better soon
(better soon)
Cause it get better soon

One day you'll see - we'll be happy!

There'll be times where
We don't say "What's up?"
And we go in circles
Tryin' to keep in touch
We whisper sparking
Between the both of us
Just tell how you feel
Goes a long way...
(Goes a long way...)

Which way do I go
Because I'm cut between crossroads
I wish I could start all over again
Move again to my heart, and let a little bit of me go
Cause being my friend...
(Cause being my friend...)
Goes a long way...
So hear me say

There'll be times where
We don't say "What's up?"
And we go in circles
Tryin' to keep in touch
We whisper sparking
Between the both of us
(Between the both of us)
Just tell how you feel
Goes a long way...

There'll be times where
We don't say "What's up?"
And we go in circles
Tryin' to keep in touch
We whisper sparking
Between the both of us
(Between the both of us)
Just tell how you feel
Goes a long way...
