Hey, when you go away,  
my life is too grey,  
I wouldn't explain, I think you feel the same.  
And if you could know  
My heart's getting slow  
I won't be alone, you are my own.  
You're in my soul,  
you mean the world,  
you're not an ordinary girl!  
I don't know why, you act that shy.  
It's getting over me.

Chorus:

Rock my life, rock my life!  
You take me higher.  
I think, I can fly,  
and I'm not a liar.  
Rock my life, rock my life.  
Can't breath without you,  
I'm not gonna fight,  
to what I've started.

2x

(Oh, oh, oh, oh, oh, oh, oh, oh, oh!)

Wait, I'm out of my head,  
I know we just met,  
I'm not into get you tonight in my bed.  
I don't want for night,  
but for all my life,  
Come into my world, just hold me tight  
Fly over land,  
just hand in hand.  
Amazing picture for to paint.  
No matter how, no matter where,  
and you ain't go nowhere

(Chorus 2x)

Come to me, set me free,  
give a kiss, touch me please.

And I won't, let you go,  
let you gooo!

Rock my life, rock my life (WHOO!)

You take me higher.

I think, I can fly,  
and I'm not a liar.

Rock my life, rock my life.

Can't breath without you,  
I'm not gonna fight,  
to what I've started.

Rock my life, rock my life!

You take me higher.

I think, I can fly,  
and I'm not a liar.

Rock my life, rock my life.

Can't breath without you,  
I'm not gonna fight,  
to what I've started.
