my life was a constant uphill climb  
never got it right  
each one i loved... went through a change of heart  
you came and my world turned upside down  
you sung a different tune  
can't let go  
it keeps playing on my mind

now there's a reason to wake up each day  
a reason to shake my blues away  
now i am whole a lucky soul  
i wanna thank you for your love  
thank you  
thank you for your love

confused  
my heart was in a daze  
learn to live with pain  
i loved too haste... then watch it go to waste  
you came and brought music to my soul  
inspired me to the very core  
you touched me well  
no one has been before

\*now there's a reason to wake up each day  
i thank the Lord for sending you my way  
now i am whole a lucky soul  
i wanna thank you for your love  
thank you  
thank you for your love

i saw the world in shades of black and gray  
turning blue with every passing day  
just when i thought that maybe all was lost  
my life took on a new turn  
and its all because  
its because

(repeat \*)

now looking back

all the pain  
no more dark clouds  
no more rain

thank you (thank you)  
thank you for your love
