Sparkling shadows all around  
In my soul that whispering sound  
Bring back my glamour, once so proud  
Forgotten in a sleeping shape  
A bleeding mind, so sad above  
Despise the life and rule my fate  
I'd rather die, than feel that hating love

An angel, drowned in shadows pale  
A rotten sculpture a forgotten tale

A fire, that flickered in that heart  
Got torn by dreams so far apart.  
Caress me into that burning sleep  
With broken wings and mortal vain  
I have that poison secret  
Will fly away and disappear in pain  
Abused flesh and betrayed mind  
For the one who was too blind  
Try to escape but too late  
Memories of a divided heart

An angel, drowned in shadows pale  
A rotten sculpture a forgotten tale

Who I think I am, is that really who I am?  
A million questions travel through my mind  
The cryptic writings on the wall  
In un-comprehensive shapes  
Like a small player  
In the greatest of games I stand

Sparkling shadows all around  
In my soul that whispering sound  
Bring back my glamour, once so proud  
Forgotten in a sleeping shape  
A bleeding mind, so sad above  
Despise the life and rule my fate  
I'd rather die, than feel that hating love  
In this mirror, all I see  
A fading image that isn't me  
Am I a master of my will?

Or nothing but a puppet on a tiny string
