I burn flags of hell  
I spit on that statue  
From now on your lies will be denied

Wwwwhhhhaaaaarrrrggghh consumer whores  
Companies can't buy my faith  
Despite your greed, your lies will be denied

As Not just an anti-critic  
I fight your repression of dissent  
From now on your lies will be denied

No more blame no more quick buck  
Materialism, idealism, fuck off!  
Your lies will be set right

Weaken the innocent

Makes you forget guilt  
Brutal control, your lies will be denied

Stop your blood for blood for blood mentality  
In this global chaos, be denied

Power for all the people  
Fuck off!!

ANTITUDE  
ANTI!!!!!!!!!!!!

I burn the flag of hell  
I spit on your statue  
From now on your lies will be denied

Compromise no option.  
Antitude my new tool

ANTITUDE  
ANTI!!!!!!!!!!!!
