Fight! Shoot! Kill!
10 ways to hate!!!!!!

Don't you look! Close your eyes! Don't be afraid to look
inside!

What's it about? Let it in or throw it out!

Fight!
And prepare to...
Shoot!
Don't be afraid to...
Kill!
Come on and fuck all the shit!

When it ends it starts again

Flashbacks each day

Give me 10 ways to hate

Long is the way out of hell! Don't be afraid to pay off
well!
Don't ask me why! Up them sleeves and say goodbye!

Stop it or I'll shoot, just kill it, Go away!
Or I'll stop it and I'll shoot, when it starts again

Now I can't die so I stop it!
Fight it! Shoot it! Kill it! So fuck it!!!
