Infected by invalid behavior  
While capturing the stench of divine putrefaction  
Confess to slavery for the world savior  
Give praise and inhale the corruption

The enfeebled provides the fool  
The disabled provides the tool  
The apathetic demands the affection  
To those suffering from their own satisfaction

Devour in self-deceit  
Conjure the righteous plague  
Testify today's contradiction  
Glorify tomorrows deed

Inconceivable moral priest  
Hide in preferable dress  
Invite to another pleasure feast  
The concealment of joyful laughter

The enfeebled provides the fool  
The disabled provides the tool  
The apathetic demands the affection  
To those suffering from their own satisfaction

The decrepit innocence of your correctness  
And well-chosen  
Elicits the source of the need

For immediate forgiveness  
Submit to no grace  
But the spiteful of your disease

Apply to join the unlimited disgrace  
And a settlement in the skies  
And turn the confusion

Among your children into self-stimulation  
The incarnation of your prostitution  
The true evil in disguise

With the ignorance

From your cross as the witness  
The truth of your tragedy make you justice  
In your mirror the high spirit of kindness  
Looks like malice

Condemnation of life by the living dead  
What a premature judgment  
Contradiction to the core  
How unfortunate I am

Cursed to spend time  
On a battle already won  
The shame that will be guarding  
Your grave says it all

Retreat to the crypt  
And make it worthwhile  
Recall my sins furthermore  
But still be watching yours with a smile

Devour in self-deceit  
Conjure the righteous plague  
Testify today's contradiction  
Glorify tomorrows deed
