As mortal manufactured waste
And part of the commonly infected
You prevent the ones worthy the gift of life
To surface on once a prosperous soil

As superficially bewildered whores
And succumbing to fictional truth
You are taught to preserve and profit
The life institutional lie
You are taught to preserve and profit
The life institutional lie

You worthless piece of shit
May we all depart from this world
And dissolve into nothingness
Compassion will not be granted
When life's value is point below zero
Life's value is point below zero

Human depravity is at our disposal
As the perfect tool to destroy mankind
The worst kind of them all
Modern times' ignorance, the world disease
Appeal to death of every man

A living hate smoldering abyss
Nurtured through centuries with quietly exercised
wrath
Seeks the easiest way to the feed the engine
Praising the final bloodbath

Uncertainty and guilt
Will no longer endorse our fate
There will be no remorse, we kill to kill again
Killing all

[inaudible]

Go ahead end it all, we deserve no better
As a forever unblessed detonation
The great plutonium chord fulminates
Blinding the eyes of creation

Cutting off all life support
Sweeping away existence instantly
Iced desolate ruins linger
Leaving traces of our lovely humanity

As mortal manufactured waste
And part of the commonly infected
You prevent the ones worthy the gift of life
To surface on once a prosperous soil

Uncertainty and guilt
Will no longer endorse our fate
There will be no remorse, we kill to kill again
Killing all
