The battle raged on and on  
Fueled by the venom of hatred for man  
Consistently without the eyes to see  
For those who revel in sewer equally

We, the prosperity of the future seal  
Cloaked by the thunders of the north wind  
Born to capture the essence of  
The traits of our kind

Zero tolerance must be issued forth  
Behind the enemy's line  
So it shall be written  
And so it shall be done

Zero tolerance must be issued forth  
Behind the enemy's line  
So it shall be written  
And so it shall be done

The battle raged on and on  
Fueled by the venom of hatred for man  
Consistently, without the eyes to see  
For those who revel in sewer equally

We, the prosperity of the future seal  
Cloaked by the thunders of the north wind  
Born to capture the essence of  
The traits of our kind

Discover and conceive the secret wealth  
And pass it unto your breed  
Becoming your own congregation  
Measure the sovereignty of it's invigoration

We, who not deny the animal of our nature  
We, who yearn to preserve our liberation  
We, who face darkness in our hearts with a solemn fire  
We, who aspire to the truth and pursue it's strength

Are we not the undisputed progeny of warfare  
Fearing all the mediocrity that they possess?

Should we not hunt the bastards down with our might  
Reinforce and claim the throne that is rightfully ours?

Consider the God we could be without the grace  
Once and for all  
Diminish the sub principle that leaves toxic trace  
Once and for all
