My life was a constant uphill climb
Never got it right
Each one I loved
Went through a change of heart

You came
And my world turned upside down
You sung a different tune
Can't let go
It keeps playing on my mind

Refrain 1:
Now there's a reason
To wake up each day
A reason to shake my blues away
Now I am whole, a lucky soul
I wanna thank you for your love
Thank you, thank you for your love

Confused, my heart was in a daze
Learned to live with pain
I loved in haste
Then watched it go with waste

You came
And brought music to my soul
Inspired me to the very core

You touched me where
No one has been before

Refrain 2:
Now there's a reason
To wake up each day
I thank the lord
For sending you my way
Now I am whole, a lucky soul
I wanna thank you for your love
Thank you, thank you for your love

I saw the world in shades
Of black and gray

Turning blue w/ every passing day
Just when I thought
That maybe all was lost
My life took a new turn
And it's all because, it's because...

-repeat refrain 2-

No looking back, no more pain
No more dark clouds, no more rain
Thank you, thank you for your love
