Hey girl, what's your name, girl
I've been looking at you
And every guy here's doing the same, girl
It'd be a shame, girl
If I let you just walk on by
'Cause I'm all caught up in your sweet smile
A girl like you comes around once in a while
So hot, gotta give it a shot
Gotta get, get a little bit of what you got

Chorus

I know you don't know me
but I can't leave here lonely
Knowing I didn't even try to make you mine
And you might think I'm crazy
Girl, but who could blame me
You're looking so fine, got me all tongue tied
And the only line I can think to say is

Hey girl, whatcha think, girl
You look a little thirsty,
let me go getcha something to drink, girl
Before you blink, girl
I'll be right back by your side
And if you want we can roll out
I know my way around this town
I got a shotgun seat for you
You can tell me where it is you wanna take off to

Chorus

Hey girl

Oh baby, you're still standing here
I guess you must like what you hear
Hey girl, whatcha say, girl

About you and me getting away, girl

Chorus

Hey girl, oh yeah, woah, hey girl

You're looking so fine, got me all tongue tied

And the only line I can think to say is

Hey girl, oh yeah
