A woman is a mystery
A man just can't understand
Sometimes all it takes to please her
Is the touch of your hand

And other times you got to take it slow
And hold her all night long
Heaven knows there's so many ways
A man can go wrong

Must be doin' somethin' right
I just heard you sigh
You leaned into my kiss
And closed those deep blue need you eyes

Don't know what I did
To earn a love like this
But, baby, I must be doin' somethin' right

Anywhere you wanna go
Baby, show me the way
I'm open to suggestions
On whatever you say

Tonight's about giving you what you want
Whatever it takes
Girl, I hope I'm on the right road
Judging by the smile on your face

Must be doin' something right
I just heard you sigh
You leaned into my kiss
And closed those deep blue need you eyes

Don't know what I did
To earn a love like this
But, baby, I must be doin' somethin' right

Oh, baby

Don't know what I did
To earn a love like this

But, baby, I must be doin' somethin' right

Must be doin' somethin' right, oh yeah

Must be doin' somethin' right

Must be doin' somethin' right

(Doin' somethin' right)

Don't know what I did

(Don't know what I did)

Must be doin' somethin' right

Must be doin' somethin' right
