Though you may find him appealing  
He's my love and you'd be stealing  
It's a sin  
If you win  
Stolen love

You may kiss him and caress him  
But you never will possess him  
Even gold  
Cannot hold  
Stolen love

Stolen love will quickly fade  
And when it disappears  
The penalty is always pain  
With loneliness and tears

[VERSE 4]

Give me back the love you cling to  
I'm the one he gave the ring to  
Three hearts will break  
If you take  
Stolen love

[Repeat VERSE 4]
