Express

Express

Express

Your Mine

Express

Its Time

Express Your Mine

Undress Your Mine (Spoken)

I'm always there, when you walk in

And you never have to speak cos you're body's talkin'

I felt the heat, ooohhhhh I could never tell my momma
just what I felt

So ease your mind

And just let your inner feelings show

Lets make the time

And just let your inhibitions flow

You've gotta do what ya wanna

See who ya wanna

Be who you wanna be (express)

Dance when ya wanna

Talk when ya wanna

Be what ya wanna be (express)

Do what ya wanna

With who ya wanna

Whenever ya feel the need (express)

I love the way ya vibing me

So let yourself be free

Express

Undress your mine

Express

Undress your mine

Watching ya stare gets me thinking

That if I don't make my move

Sometime this evening

I'm gonna lose

All the things

That momma told me

I should never do

So ease your mind

And just let your inner feelings show

Lets make the time

And just let your inhibitions flow
You've gotta do what ya wanna
See who ya wanna

Be who you wanna be (express)
Dance when ya wanna
Talk when ya wanna
Be what ya wanna be (express)
Do what ya wanna
With who ya wanna
Whenever ya feel the need (express)
I love the way ya vibing me
So let yourself be free
Express (its time)
Express (its time)

There may be times
When you're drinking
When your mouth doesn't always say what your bodies
thinking
But it feels oh so good
Oh like you know it should
So ease your mind
And just let your inner feelings show
Lets make the time
And just let your inhibitions flow
You've gotta do what ya wanna
See who ya wanna
Be who you wanna be
Dance when ya wanna
Talk when ya wanna
Be what ya wanna be
Do what ya wanna
With who ya wanna
Whenever ya feel the need
I love the way ya vibing me
So let yourself be free
Ohhhhh!
Yeah yeah
You know what youve got to be set yourself free
Set your self free oooh
Set yourself free oooh

Set yourself free
Come on baby you want to be with me
Set yourself free
