I wonder if they see
How I fall apart
When I hear your name
It only takes the thought of you
To make me realise
That I can't disguise
What you really mean
You're every little part of me
Didn't think that I'd meet somebody
Who loves me like you do
Didn't think I'd ever love somebody
The way that I love you
'Cos if I knew you then
Like I know you now
I would have loved you
Without a doubt
If I knew you then
Like I know you now
I would have loved you
Like I love you now
Like I love you now
Oh I just can't believe
That it took so long
For me to see
It's you that makes me so complete
When we're lying here
And I feel that
You are so close to me

I know that you are all I need
Now I know that there ain't nobody
Who loves me like you do
Now I know I'll never love somebody
The way that I love you
'Cos if I knew you then
Like I know you now
I would have loved you
Without a doubt
If I knew you then
Like I know you now
I would have loved you
Like I love you now

Like I love you now
Didn't think that I'd meet somebody
Who loves me like you do
Didn't think I'd ever love somebody
The way that I love you
'Cos if I knew you then
Like I know you now
I would have loved you
Without a doubt
If I knew you then
Like I know you now
I would have loved you
Like I love you now
Like I love you now
