Don't walk away from love
And don't say it's over for us
'Cos I just won't believe that it's true
No, baby
Don't walk away from love
I'm begging you don't say goodbye
I can never survive without you
Don't walk away from love
Without love what am I gonna do
Without love can't you see I'll be lost
Without you I'll be empty inside
Without you 'cos I need you tonight
Without love how will I make it through
I need you so badly
I can't get you out of my mind
Don't walk away from love
Look at these tears that I cry
Don't you see that I'm hurt deep inside
No, baby
Don't walk away from love
You've got my heart on the line
Don't hang up or I'll just lose my mind
Don't walk away from love

Without love what am I gonna do
Without love can't you see I'll be lost
Without you I'll be empty inside
Without you 'cos I need you tonight
Without love how will I make it through
What am I gonna do
(Don't say goodbye
I can never survive
Don't say goodbye
Can't you see the tears I cry)
Don't walk away from love
I'm begging you don't say goodbye
I can never survive without you
Don't walk away from love
Without love what am I gonna do
Without love can't you see I'll be lost
Without you I'll be empty inside
Without you 'cos I need you tonight

Without love how will I make it through
What am I gonna do
Don't walk away
Don't walk away from love
Don't walk away, no no...
