"I Thought About You"

I took a trip on a train and I thought about you
(Yes, I thought about you, ooh)
I passed a shadowy lane guess what I thought about
you
Two or three cars parked under the stars, a winding
stream
Moon shining down on some little town
And with each scene, the same old dream

At every stop that we made, ooh, all I had to do was
think about you
(Yes, I thought about you, ooh)
Still when I pull down the shade, I really felt the blues
So I peeked through the crack, then looked down the
track
The one goin' home to you
So what did I do? What did I do? What did I do, Lord? I
thought about you
