I know it's over
I know it's gone
Can't work it out much longer It's only getting harder

It's time to say goodbye
I just can't help but cry
I wanted us to make it
But I guess we couldn't fake it

Much longer
We couldn't make it last
Much longer
This love is fadin' fast
And I know that it's time for me to start letting go
'Coz the love you have for me no longer shows
And even though it hurts I have to face the truth
That no matter what I do
There will be no me and you
Much longer

I did my best to make it last
'Coz it's all I ever wanted
But you took my love for granted
You took your time
Makin' up your mind
Thinkin' I would always be there
But I really couldn't hold on

Much longer
We couldn't make it last
Much longer
This love is fadin' fast
And I know that it's time for me to start letting go
'Coz the love you have for me no longer shows
And even though it hurts I have to face the truth
That no matter what I do
There will be no me and you
Much longer

Much longer
We couldn't make it last
Much longer

This love is fadin' fast
And I know that it's time for me to start letting go
'Coz the love you have for me no longer shows
And even though it hurts I have to face the truth
That no matter what I do
There will be no me and you
And we'll never make it through
Much longer
