I wonder where you are right now
Wish I could see you somehow
Can't seem to ease the pain
Since you've been gone nothing's been the same
How I wish you could've stayed awhile
How I wish that I could see you smile for me

Wish I could hold you in my arms
Keep you safe and keep you warm
But now all I can do
Is hope and long for you
You're in my mind every night and day
Wishing you're part of me in every way
'Coz all I wanted to do was to always be there for you
Wish that I could tell you just how much I love you

I guess I should not fear
'Coz I know God can hear (I know)
And He's telling me you're alright
And there's no need to worry
Oh my baby, I am so sorry (so sorry)
If I had known, maybe you could've been here with me

Wish I could hold you in my arms
Keep you safe and keep you warm
But now all I can do
Is hope and long for you, you, you, you
You're in my mind every night and day
Wishing you're part of me in every way
'Coz all I wanted to do was to always be there for you

How I wish I could hold you in my arms
Keep you safe and keep you warm
But now all I can do
Is hope and long for you
You're in my mind every night and day
Wishing you're part of me in every way
'Coz all I wanted to do (I wanted to do)
Was to always be there for you
Wish that I could tell you just how much I love you

(Wish I could)

Wish that I could tell you...that I love you
