Love left you nothing but lonely
Heartache is all you've had
This time around when it lets you down
You never had it so bad

I know it's hard to keep going
When everything keeps going wrong
But don't you give up on fallin' in love
Not while I'm here to lean on

Give me all of the pieces of your broken heart
And I'll put it back together again
No matter how your world is torn apart
Love can make the heartache end
Tonight, it'll be all right, just lie here in my arms
And give me all the pieces of your broken heart

I know the hurt you've been feeling
I've had some dreams hit the ground
All that you need is someone like me
Who knows where your dreams can be found

Give me all of the pieces of your broken heart
And I'll put it back together again
No matter how your world is torn apart
Love can make the heartache end
Tonight, it'll be all right, just lie here in my arms
And give me all the pieces of your broken heart
