I can remember when you fit in the palm of my hand  
Felt so good in it, no bigger than a minute  
How it amazes me, you're changing with every blink  
Faster than a flower blooms they grow up all too soon

So, let them be little 'cause they're only that way for  
awhile  
Give them hope, give them praise, give them love  
every day  
Let them cry, let them giggle, let them sleep in the  
middle  
Oh, but let them be little

I've never felt so much in one little tender touch  
I live for those kisses, your prayers and your wishes  
And now that you're teaching me how only a child can  
see  
Tonight while we're on our knees all I ask is please

Let them be little 'cause they're only that way for awhile  
Give them hope, give them praise, give them love  
every day  
Let them cry, let them giggle, let them sleep in the  
middle  
Oh, but let them be little

So innocent, a precious soul, you turn around and  
It's time to let them go

So, let them be little 'cause they're only that way for  
awhile  
Give them hope, give them praise, give them love  
every day  
Let them cry, let them giggle, let them sleep in the  
middle  
Oh, just let them be little

Mm, Let them be little
