The only difference between the men and the boys
Is the size of their feet and the price of their toys
Always horsin' around makin' too much of noise
Ain't it funny how men will be boys

Sneakin' out of the house, tryin' to have a little fun
Lookin' for somethin' that he ain't done
Look what the cat dragged in at the break of dawn
He ain't passed out, he's campin' on the lawn

The only difference between the men and the boys
Is the size of their feet and the price of their toys
Always horsin' around makin' too much of noise
Ain't it funny how men will be boys

One more

Kickin' tires 'round the pick up truck
Drinkin' beer and just cuttin' up
Smokin' and jokin' out behind the shed
Cussin' a blue streak till the girls turn red

The only difference between the men and the boys
Is the size of their feet and the price of their toys
Always horsin' around makin' too much of noise
Ain't it funny how men will be boys

Listen up

You can spend a lifetime growin' up
You can spend your lifetime in a rut
When it comes a time to make a choice
Most men just as soon will be boys

The only difference between the men and the boys
Is the size of their feet and the price of their toys
Always horsin' around makin' too much of noise
Ain't it funny how men will be boys

Horsin' around makin' too much of noise
Ain't it funny how men will be boys

Oh yeah
