She walks down the aisle
In slow motion
I try not to cry
But you can't hold back
The ocean

Her long white train and trail
The smile behind the veil
The one, I'll never fail

And I will walk through fields of fire
To fill her every heart's desire
That's the love that she inspires
And it keeps me reaching higher

She's the only truth, I've found
I can wrap my arms around
I'm standing here on sacred ground
To make a promise
To never let her down
Never gonna let her down

Man would you look at her?
She's one fine woman
She keeps me guessin' all the time
I never know
What might be comin'?

She gets the best of me
Forgives the rest of me
And with all that's left of me

I will walk through fields of fire
To fill her every heart's desire
That's the love that she inspires
And it keeps me reaching higher

She's the only truth I've found
I can wrap my arms around
I'm standing here on sacred ground
To make a promise
To never let her down

Never gonna let her down no

She walks down the aisle
In slow motion
