Well, it seems like it eats up most of my time
It does the same for most mankind
But you meet some nice folk standin' in line
And that's what I like about love

It's a good intention or a bad excuse
A tire swing or a hangin' noose
It'll tie you down or it'll cut you loose
And that's what I like about love

That's what I like about it
There ain't no room for those who doubt it
You're damned if you
And you're damned if you do without it
But that's what I like about love

It's Barbie dolls and baseball bats
Hot dogs on the grill out back
And seven shoes on a welcome mat
That's what I like about love

That's what I like about it
There ain't no room for those who doubt it
You're damned if you
And you're damned if you do without it
But that's what I like about love

Well, it's a blanket when the wind gets cold
And it's a walking cane when you're growing old
And it's the best part of every story told
And that's what I like about love

That's what I like about it
There ain't no room for those who doubt it
You're damned if you
And you're damned if you do without it
But that's what I like about love
That's what I like about love
