So many children living in the streets
so many hungry mouth to feed
oh tell me God have we done enough
Sad look in their eyes
dirty hands beging for some help
oh tell me God have we done enough

I can sing, I can dance
to bring back their smile just for awhile
I can kiss and I can hug
but that's just for awhile

Oh Lord have we done enough
Oh Lord can we do something more
Oh Lord can we give them more then hope
My Lord

Oh Lord have we done enough
Oh Lord can we do something more
Oh Lord can we give them more then hope
My Lord

So many children living in the streets

I can sing, I can dance
to bring back their smile just for awhile
