"No Bones"

Hey babe, thought maybe can't feel, not today wish it
didn't faze me can't handle either way with life
surrounded entombed in war don't lie to her, no bones,
no bones the vast expanses, it can't
Oo grand to go together outside hey babe, can't do it
can't put you there again can't feel, can't go through it
if there only was a way if there only was a way [solo]
with life surrounded entomb
War don't lie to her, no bones, no bones the vast
expanses, it can't be too grand or I'll send them back
