

Dinosaur Feathers "Sleeping In"

Rise with the sun
Wake up on your own

I'm sorry for the time I took from you

Tell your story straight
Wait until the facts change

How terrible the things that I ask of you

Come in pieces
Common pieces
Come in pieces
Common pieces

Bend until you break
Terrible mistake
I will race you back where we began

You never wanted to sleep in
You never wanted to let the morning win

Fighting off our sleep at night
Always doing something wrong
Until I get to hold you tight
In the morning you'll be gone
