Embarrassed to be alive  
Sit with my life, open wide  
Your stare is forcing my face open  
A leper crumbling, never joking  
Who should I believe

Safest to wallow in my own esteem  
Afraid, stick my neck out  
Knowing the day has drawn

I'm a leper  
Scared beyond this feeling  
I dare to escape

A leper  
Doomed to this  
My life is chosen to rape

Embarrassed to be alive  
Sit with my life open wide  
Your stare is forcing my face open  
A leper crumbling never joking  
I'm a leper  
Scared beyond this feeling  
I dare to escape

A leper  
Doomed to this  
My life is chosen to rape

[listen to this solo!]

I'm a leper
