The rain has washed my dog with fear  
A question people think, I call a friend  
And the next wave is valentine

See yourself call, No big deal  
Ever since that's not a fear  
Wishin, the lamp would shine  
And beam me at it, Give me some fuel  
Find a way, to clog it up alone  
Terrified, the way you stand  
Feeling natural behind the phone

Rain has fallen, the tree does cry  
And ? [mumbling...]  
And the toads are running free  
And ? [mumbling...]  
It's no fun to that's what stinks  
Bought a carrot and still can't see

You know I've been wating for 6 years  
For a ray of hope, leaves me a float  
Then I could believe in sunshine  
In the winter time, mountains glow  
There's always so much to adore  
There's a little scenic picture on my skull  
See the second building  
Imagine, Where'd You go  
All I wanna know baby

Does it float  
Does it float  
Does it float  
Does it float  
Does it float  
Does it float

Does it float  
Does it  
Float  
Does it  
Float  
Does

Float  
Why  
Does it float  
Does it float
