[Verse 1]

Headline from this day on
Why you keep pretending that you wanna let go?
Do. Do you wanna let go?
Loud volume turn to low low low low low low

[Pre-Chorus]

What you want and what you do to me
I'll take the trouble that you have in mind

[Chorus]

Entertainment
Show them what you do with me
When everyone here knows better
What I once refused to be
Is everything they long together
I'd rather be alone

[Verse 2]

I love, I love, I love, I notice
I heard it all before I died
Before I knew you
Once upon a time would take too long, long, long, long,
long, long

[Pre-Chorus]

[Chorus]
