Said there's an ocean and I'm in the way  
I'd like to go soon, we'll shine through the lake  
I need to feel it, you don't need a thing  
Got tons to feel, what else should I bring?

Said there's a panic that I can't describe  
I need that something I see in your eye  
Just wanna lay down when I cannot deal  
Pick me back up, give me something to feel

I've been out lookin' for somewhere to hide  
There's been a mix up somewhere deep inside  
I feel the ocean inside of your heart  
Just takes a doubt to come smash it apart

Come on down, got some work to do while I'm around  
Come on down, got some work to do while I'm around  
Come on down, come on down

Said there's an ocean inside of my mind  
It's all so murky, the truth's hard to find  
When the time gets here you'll vouch you in  
It'd be a shame to start over again
