can not make it here
im over it,
I've been feelin weird
get over it,
cannot wind up free
im over it,
is there more to see
im over it,

what else should i do,
if i run around for you,
what am i supposed to doo,
keep it comin ohh they doo,

we still last so long
got over it,
up on the late
an all go over it,
cant escape the task
not over it,
wait if you need a ask
im over it,
ohh wooooohooooowooooooo

its you
having picked me out its true,
i would .. doooooo
life's so easy to get through,

im in arms offense now its makein sense i see,
if i go any where i can buy most things i need to believe

i got lost in thought im over it,
all i almost lost not over it,
i got friends to get, get over it,
hasn't happened yet im over it,

now its time to dooo
all the things you say are true
i been waitin now we doo
wen i needed you came through,
can i run right into you

getin lost in nothin blue,
i need everything thats true
would you pick me over you,
now after all thats been im glad i show all we've seen
