Peel me back
Seal the crack
No excuse
The pieces move

Grab the wheel and feel the pieces of my love
Wrapped inside me but I wouldn't want to touch
Our love
Our love

I can't stay
You won't wait
Meet me there
Of course it's fair

Give me time to find the pieces of my love
Wrapped around me, they're the pieces I can't touch
My love
My love

(Awesome-as-always Mascis shred)

bridge:
Can you hold me out?
Can you wave the hand and suddenly there's no more
doubt?
Can you make it so?
Can you bring the smile that makes me forget I don't
know?

I can't wait
Is it too late?
I'm not sure
I'll take your word

Need some help to gather pieces of my love
Wrapped inside me like you couldn't hurt me much
Our love (4x)
