Not an innocent, I bleed my place
That settle turning smirk
That's always fixed upon my face
Walking weakness

Hope I die without a sound
I'm that little boy with my feet nailed to the ground
I know I'm guilty, my stomach always hurts
Milking your attention for the little it is worth

I'm turning browner every day
I'm really turning down a stay
Tired of your little van
I've been around too long

Tired of walking, talking with me
Edging me along
Well, I detest your patience
I know you've always known

You know that I'm a thief
It's so great to be alone, alone
(That's that)
I don't care it's lie, I wound
I'm a stupid baby, hope it breaks in two

Jesus, Jesus, Jesus, Jesus, Jesus, Jesus
Jesus is Christ, Jesus, Jesus is Christ
I don't see, I don't feel
Like every little moron, I think nothing's real
I don't care it's lie, I wound

Darling, skip the faith that only breaks in two
Through a dozen layers
And there's no evil here
Only this great power we misunderstand

So please, relax, take a pain
Laugh out loud when you forget your name
Jesus laughs, take the pain
Laugh out loud when you forget your name

It doesn't live, there's no evil here
These great powers we misunderstand
Tell you about everything, tell you about everything
(Go, go, now)
